

Q2

# #untaggable

Essentially unmistakable: a lot will change with the all-new Audi Q2. It's smart, customised, confident and impossible to categorise.

It is #untaggable. Because your own ideas show the way, whether in town or off the beaten track, in everyday life or off the clock. The vehicle concept for this newcomer comprises numerous innovative technologies and a new, impressive style.

Some of the equipment shown in following pages are optional equipment that is available at an extra charge.

Even if the Audi Q2 leaves plenty of room for interpretation, the feel of the drive is extremely precise. The progressive steering gives the vehicle more agility and reduces steering effort round tight bends and during parking.

Anyone who drives an Audi Q2 will experience how exciting driving dynamics can be. This is thanks to the progressive steering and Audi drive select, which adapts the vehicle's character to your personal preferences – thus making either a more intensive or more efficient driving style possible.

Because #untaggable means always having the choice.

**#adventureproof**

# #typicallydifferent

The Audi Q2 expresses the passion of being on the road. Because with every journey we take, we tend to free ourselves from old patterns. The Audi Q2 combines the classic Audi strengths with new and exciting ideas – both in design and technology.

You can give the Q2 many names, but all that really counts is what you feel when driving it.

Don't concentrate on what others say, concentrate on what's important. The standard Audi virtual cockpit and MMI navigation plus on a 8.3-inch colour display can help you here – intuitively and fully digitally. You get all the information you need where you need it: always at eye level.

# #newcomerlegend

You don't need a second look to see the Audi Q2 as a real Audi - and yet it's hard to keep your eyes off it. Its look is powerful, dynamic and radiates presence. The polygonal vehicle shoulders accentuate the large wheel arches. No matter what path the Q2 takes - it's going its own way.

Decorative trims interior (dashboard, interior mirror and centre console) and interior plus decorative trims (door trim and door pull handles) both in Misano red, pearl effect, or in additional colours and versions

Actual product might differ. Images are for illustration purposes only.

# #accentedunaccented

Select the paint colour that best suits your personality.

And be assured that the quality will be superb.

Because the Audi Q2 is painted not just once, but four times.

Guaranteeing a radiant appearance and providing protection from the environment and wear.

Ensuring that the car maintains a powerful look throughout its entire lifetime.

\*Ara Blue is not available in the market. Mythos black is available.

## Audi Q2

Dimensions are based on technical data from Audi Germany.

Dimensions in millimetres.

Dimensions measured with vehicle at unladen weight.

Luggage compartment volume: 405 / 1,050 l (measured by the VDA method using 200 x 100 x 50 mm blocks).

Turning circle approx. 11.1 m.

Actual specifications may vary from models shown.

### Model
