Welcome

Your Audi Extended Warranty Cover has been designed to give you additional peace of mind when you need it most.

The Owner's Manual

Please read the Owner's Manual and any additional literature carefully as soon as possible.

Treating your vehicle correctly and ensuring it receives regular care and maintenance will help maintain its value, and it's also required to ensure you keep your extensive warranty cover.

Digital Service Schedule

Audi has been using the new Digital Service Schedule since autumn 2012.

In order to create a simple and secure method of documenting the services performed, the conventional Service Schedule with spaces for workshop stamps is being replaced by the Digital Service Schedule. For this reason, the record of service work carried out is kept digitally in a central system and no longer entered in written form with workshop stamps.

This enables the regular care and maintenance of your vehicle to be fully documented without risk of loss, which

helps to preserve your vehicle's value and protect the Service Schedule against forgery.

You will receive confirmation of the services performed on a service printout. At each service, this printout will be replaced by an up-to-date version.

Should you lose the printout, your Audi dealer will certainly provide you with a new one.

Warranties

We've got a long history of producing innovative, high-quality products; and the warranty on your Audi is no different.

Your vehicle has an extended warranty to a total of 1-year Audi Warranty against mechanical defects, a 3-year paintwork warranty and a 12-year warranty against through-rusting of the body panels from the inside from date of new vehicle delivery.

To ensure you don't invalidate these warranties, you'll need to ensure that your vehicle is serviced and repaired in accordance with the Manufacturer's guidelines.

Audi Extended Warranty

Coverage

Audi provides a warranty in accordance with the warranty terms for Audi vehicles, as detailed in the contract of sale.

Audi warrants that your Audi vehicle shall be free of mechanical defects from the date of new vehicle delivery without mileage limit for a period of 5 years.

Please note that this warranty does not cover normal wear and tear or damage caused by abnormally rough or improper use, or unauthorized modifications.

If your vehicle does break down, please contact your nearest Authorised Audi Dealer.

Items replaced under extended warranty

An Authorised Audi Dealer must carry out any remedial work under warranty, and will repair or replace any defective parts at its sole discretion. Any part replaced is warranted free from manufacturing defect until expiry of the original vehicle warranty. Any part removed because of replacement becomes the property of Audi. You may

take your vehicle to any Authorised Audi Dealer for warranty work to be performed.

Change of ownership

The warranty is not affected by any change of ownership of the vehicle. It is important to update this booklet and the Audi Centre Network if a change of ownership occurs, for recording purposes.

Note

“Authorised Audi Dealer” means any Centre in Malaysia authorised by Audi Malaysia on behalf of the Manufacturer. “The Manufacturer” means Audi AG, Postfrach 220, D-85046 Ingolstadt, Germany.

Extended Warranty Validity

To ensure the validity of the warranty, maintenance services must be carried out at such service intervals (tolerance of 1,000km or 30 days and with updated Service Schedule) according to the Manufacturer’s guidelines.
